

# Request to keep a pet

## Application

### Benefits of meeting your strata obligations

It is important to investigate the by-laws of any complex you are interested in living in before you commit to live there. Maximise enjoyment and minimise problems by ensuring you have Owners Corporation approval prior to bringing a pet into your home.

Ensuring you have permission it will also ensure you are fully aware of restrictions and conditions relating to the approval. A landlord may be happy for you to keep a pet but the Owners Corporation may refuse the request. If you are purchasing a unit, ensure your contract of sale is subject to the Owners Corporation approving the keeping of your pet.
